

OUTDOOR MASTER WHALE

THE #NR1 ELECTRIC SUP PUMP WITH BATTERY

MOVEMENT
FOR SPORTS

**OUTDOOR
MASTER**

FEATURES FROM THE OUTDOOR MASTER WHALE

1 DUAL STAGE SPEED

Thanks to the automatic dual stage motors, inflation and deflation can be done within minutes. The first motor will use an airflow of a 350L/min, the second motor uses an airflow of 70L/min to pump in the last PSI's.

2 PATENTED COOLING SYSTEM

The Outdoor Master Whale contains a completely unique and patented cooling system which prevents the Whale from overheating, especially on a hot day at the beach.

3 RECHARGEABLE AND PORTABLE

It features a 6000 Mah Lithium-ion rechargeable battery. Thanks to this big capacity you can inflate and deflate between 3 and 4 boards on one single charge!

4 AUTOMATIC SHUT-OFF

You can keep your hands free while pumping. The pump will automatically shut-off when the set PSI/Bar is reached.

5 — **12V DC CONNECTOR & AC ADAPTER**

The battery can be recharged easily thanks to the AC Adapter. Not near an outlet? No worries! The pump can also be used and charged via the 12-volt connection of your car.

6 — **DIGITAL DISPLAY & PRECISE CONTROL**

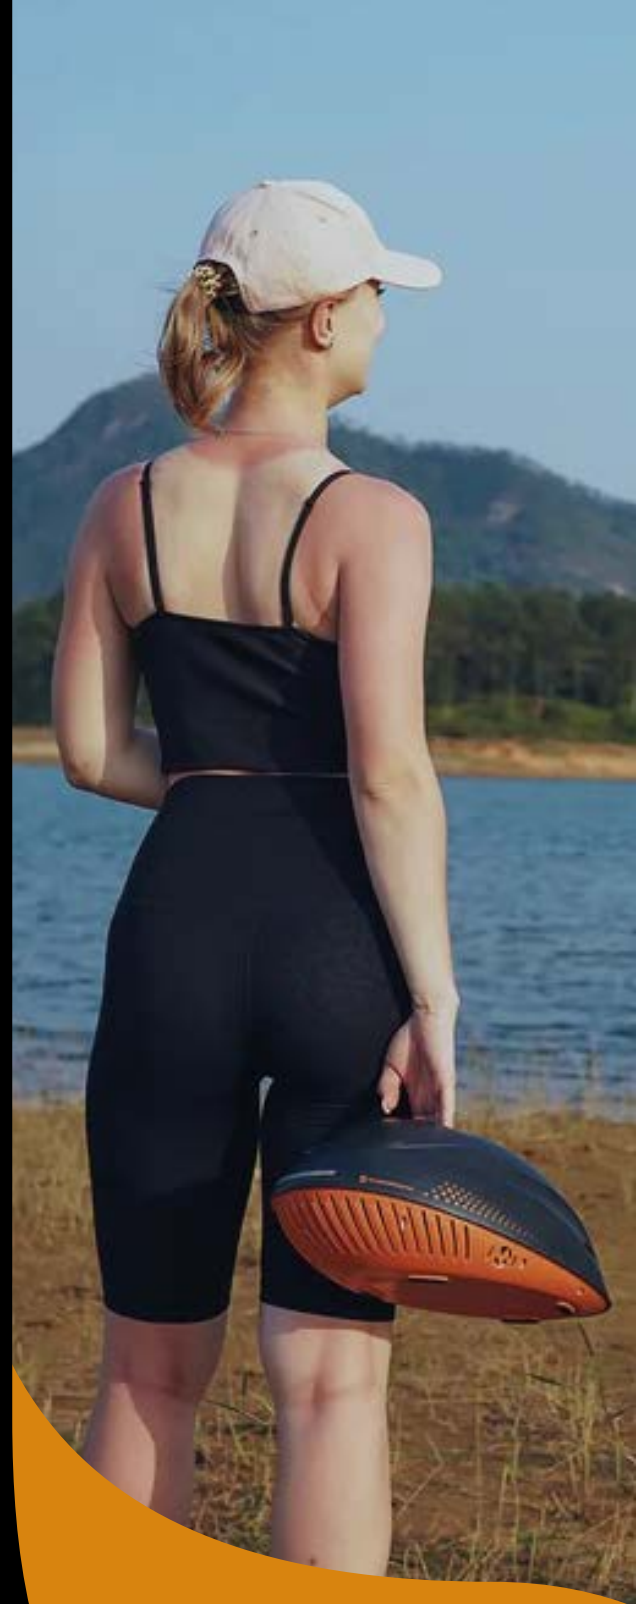

Use the digital display to set your desired pressure and monitor the pressure in real-time. Also see the battery status on the same screen in real-time.

7 — **STORAGE BOX & LED LIGHT**

Thanks to the Built-in large-capacity storage box, you can say goodbye to clutter! The dual USB Port DC Charger allows you to charge anywhere, anytime. But it does not stop there, the unique design of the LED light at the back shows you the way in darkness.

8 — **ECO-FRIENDLY & CAREFULLY TESTED**

The WHALE has gone through rigorous testing and has CE certification. Durable quality and eco-friendly material offer a promising summer journey.

SPECIFICATIONS

1— **SUPPORTED PRESSURE RANGE**
0.5-16 PSI (0.034-1.103 Bar)

2— **BATTERY CAPACITY**
6000mAh

3— **DIGITAL SENSOR ACCURACY**
0.01 PSI

4— **MAX PUMPING SPEED**

- 350L/Min At 1st Stage
- 70L/Min At 2nd Stage

5— **DUAL INFLATORS SWITCH POINT**
1 PSI

6— **MAX ENERGY CONSUMPTION**
10A, 120W (12V), DC

7— **POWER CORD LENGTH**
9ft (2.75m), 4.5ft Hose

8— **NET WEIGHT**
3.6 Lbs

9— **NOZZLES SPECS**

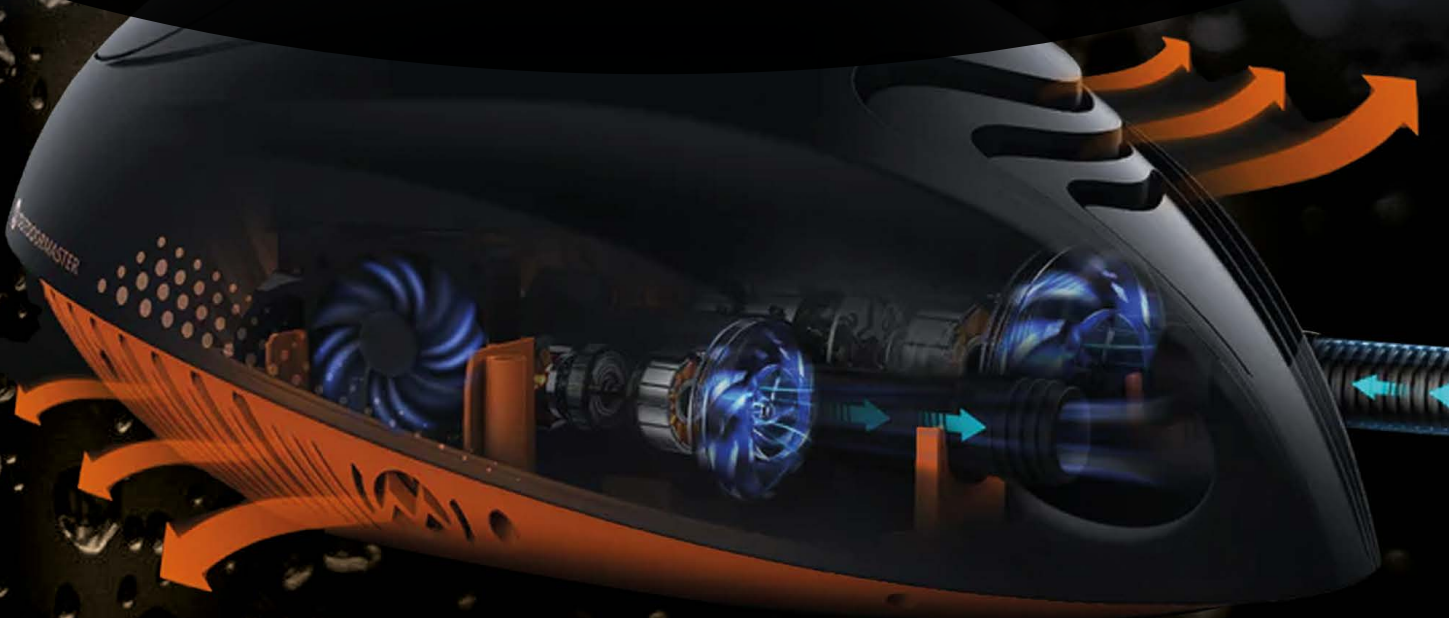

- 1 X Boston Valve
- 1 X C7 Valve
- 1 X H3/HR Valve
- 1 X Pinch Valve
- 1 X 805 Valve

9— **PACKAGE INCLUDES**

- 1 X OutdoorMaster Whale
- 1 X 4.5ft Hose
- 5 X Nozzles
- 3 X Gaskets
- 1 X Manual

10— **FITTED BOARDS**

- Red Paddle, IRocker, ISLE, Bluefin
- ROC, Nixy, Fanatic, Atoll, Bote
- Body Glove, Peak, Dynamo, Fanatic, Hero
- Hydro-Force, Advanced Element, Penguin, Thurso
- Blackfin, Focus Hawaii, Sea Lion, Newport Vessels
- SUP-YAK, SCOUT And Other Major ISUP Board Brand

AC Adapter

12 Volt Plug

805 Valve

H3/HR Valve

C7 Valve

Pinch Valve

Boston Valve
